WELLNESS

+ DESIGN

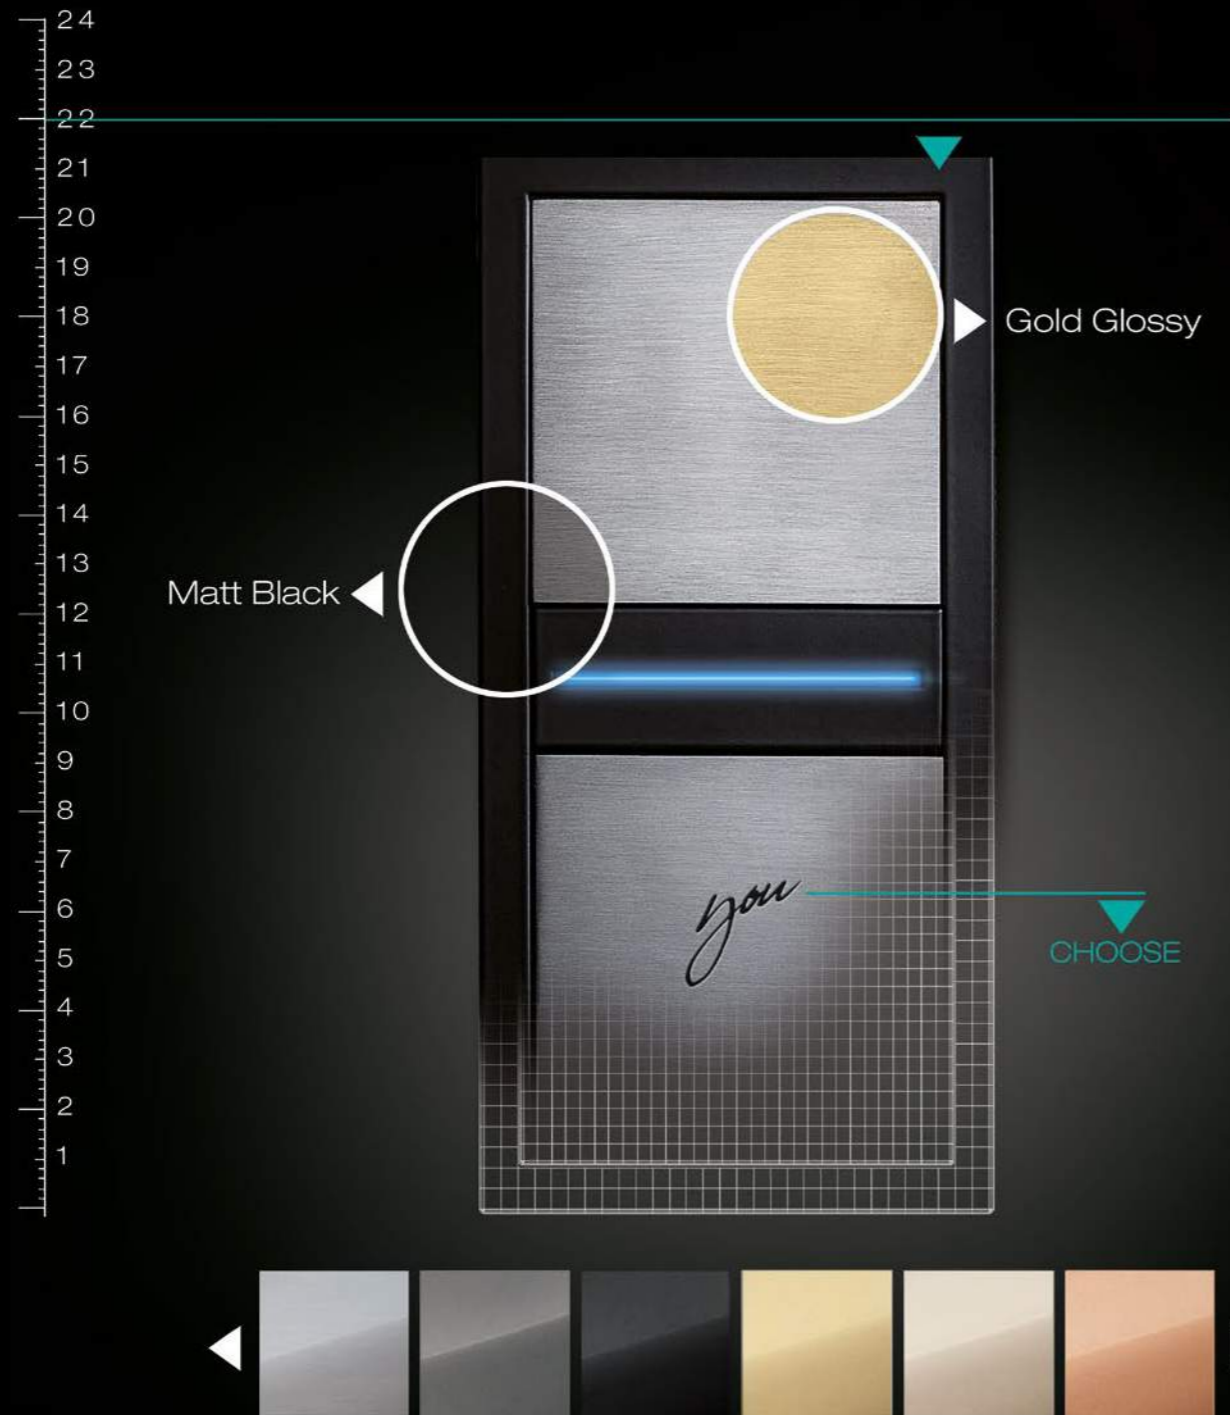

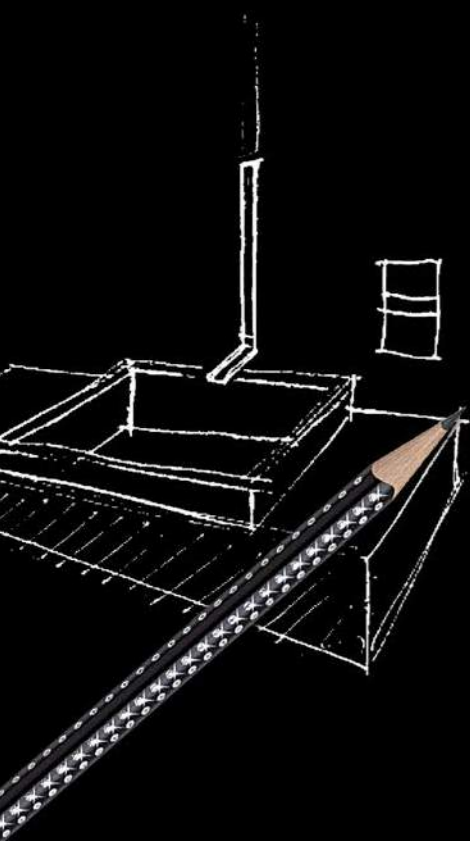

+ TECHNOLOGY

Aqualite è il frutto dell'incontro tra le specifiche conoscenze tecniche di Newform e la ventennale esperienza dell'architetto Alberto Apostoli, nel settore del Benessere e nel design di prodotti ad esso destinati.

Aqualite came out of the specific technical knowledge of Newform meeting with the 20-year experience of architect Alberto Apostoli, in the Wellness sector and in the design of products conceived for it.

NEWFORM
you

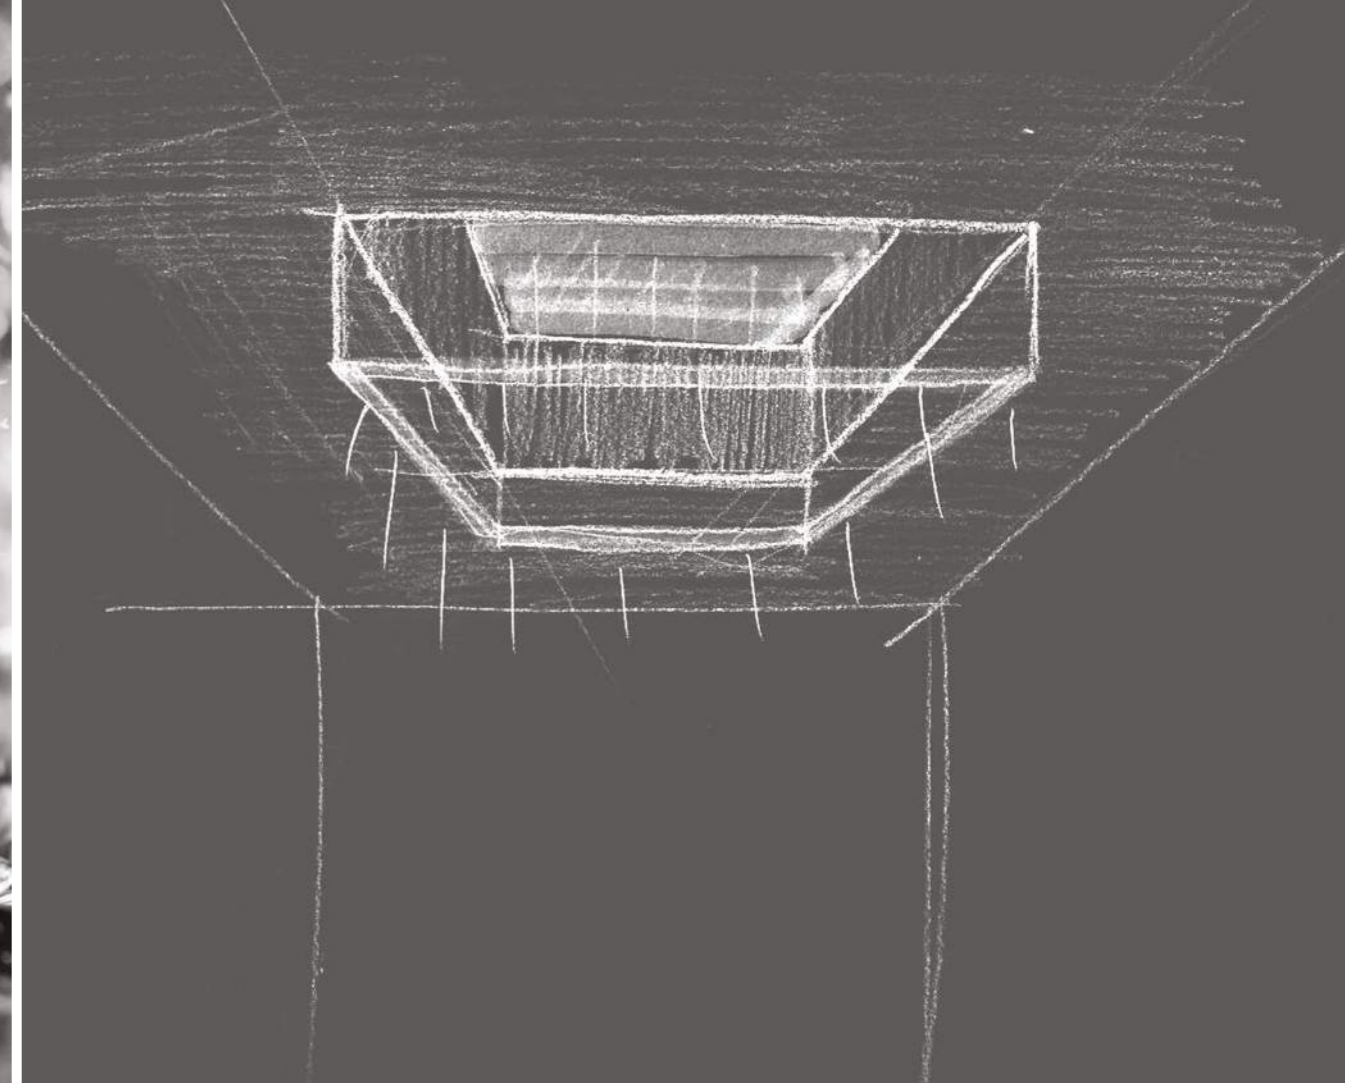

TU LO PENSI, NEWFORM LO REALIZZA
YOU THINK IT, NEWFORM MAKES IT REAL

Il PLUS di adeguare la collezione ai gusti estetici e alle esigenze personali è il nuovo valore di Newform che si esprime nel progetto AQUALITE, unito all'esperienza, all'affidabilità e alla professionalità che da sempre contraddistinguono l'azienda. Ispirata dai nuovi trend cromatici, Newform dà la possibilità di personalizzare ciascun articolo con 31 combinazioni di finiture diverse. Gli infiniti abbinamenti tra il colore della cornice e quello delle piastre fanno di AQUALITE una collezione versatile e soprattutto personalizzabile tanto da rendere il prodotto unico.

Le innovative colorazioni EXCLUSIVE METAL resistenti, anti-graffio, anti-impronta offrono spunti per incontrare ogni esigenza creativa e ogni gusto. Le tonalità più calde, naturali, accompagnate dal design essenziale rappresentano l'ideale del lusso contemporaneo. La luce scintillante dell'oro rievoca l'opulenza ma con una lucentezza moderna. Il nero elegante, classico, maschile, profondo aggiunge un tocco Urbano o Hi-tech ai progetti in stile industriale di fascia alta. Una molteplicità di colori per uno stile rigoroso, pulito e architettonico.

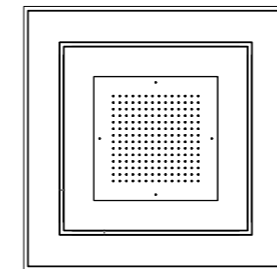

The advantage of adapting the collection to the aesthetic taste and the personal needs is the new value that Newform is conveying through the AQUALITE project, besides the expertise, the reliability and the professionalism that are the distinguishing features of the Company. Inspired by the new chromatic trends, Newform makes it possible to personalize each product choosing among 31 combinations of different finishes. The infinite matches between the colour of the frame and the colour of the plate let AQUALITE become a versatile collection, high customizable so that the product is unique.

The innovative EXCLUSIVE METAL nuances are resistant, anti-scratch, anti-fingerprint, and give the cue for meeting every kind of creative need or style. The warm natural tones, combined with the essential design, represent the ideal of contemporary luxury. The sparkling gold shade recalls the opulence, but in a modern light. The refined black, which is classic, male and intense, adds a touch of urban or hi-tech trait to the high-level industrial-style projects. A wide range of colours for an architectural strict style.

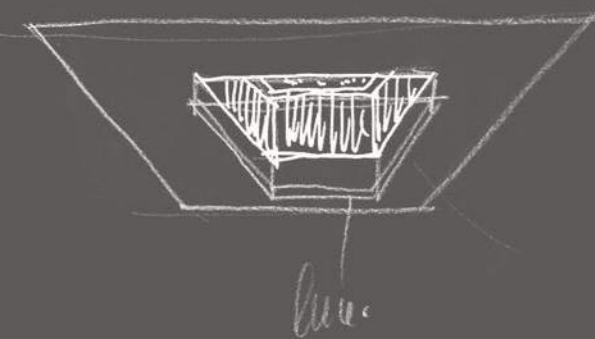

Trasparenze di luce ed acqua danno vita a forme geometriche che si fondono nell'architettura; un unico volume declinato in materiali diversi e consecutivi.

Light and water transparencies bring to life geometric shapes that merge in architecture; a unique volume set out in diverse and consecutive materials.

Soffione
Head shower

Un soffione doccia ad incasso che si fonde nella struttura architettonica e, al tempo stesso, sembra galleggiare al suo interno. Soluzione ideata per un ambiente raffinato, elegante e dal carattere distintivo.

A built-in shower head that merges in the architectural structure and, at the same time, seems to float within it. Solution conceived for a refined environment, elegant and with a distinctive character.

Comando
Control

L'unione di forme elementari con la superficie suscita un gesto semplice e spontaneo: sfiorare l'Architettura.

The union of basic shapes with surface inspires a simple and spontaneous gesture: stroking Architecture.

Deviatore
Diverter

Elemento di controllo del passaggio dell'acqua, dal soffione alla doccetta, con meccanismo "Push"; che permette il ritorno in posizione del pulsante ad ogni selezione.

Control element of water passage, from shower head to hand shower, with "Push" mechanism; that allows button returning in position at each selection.

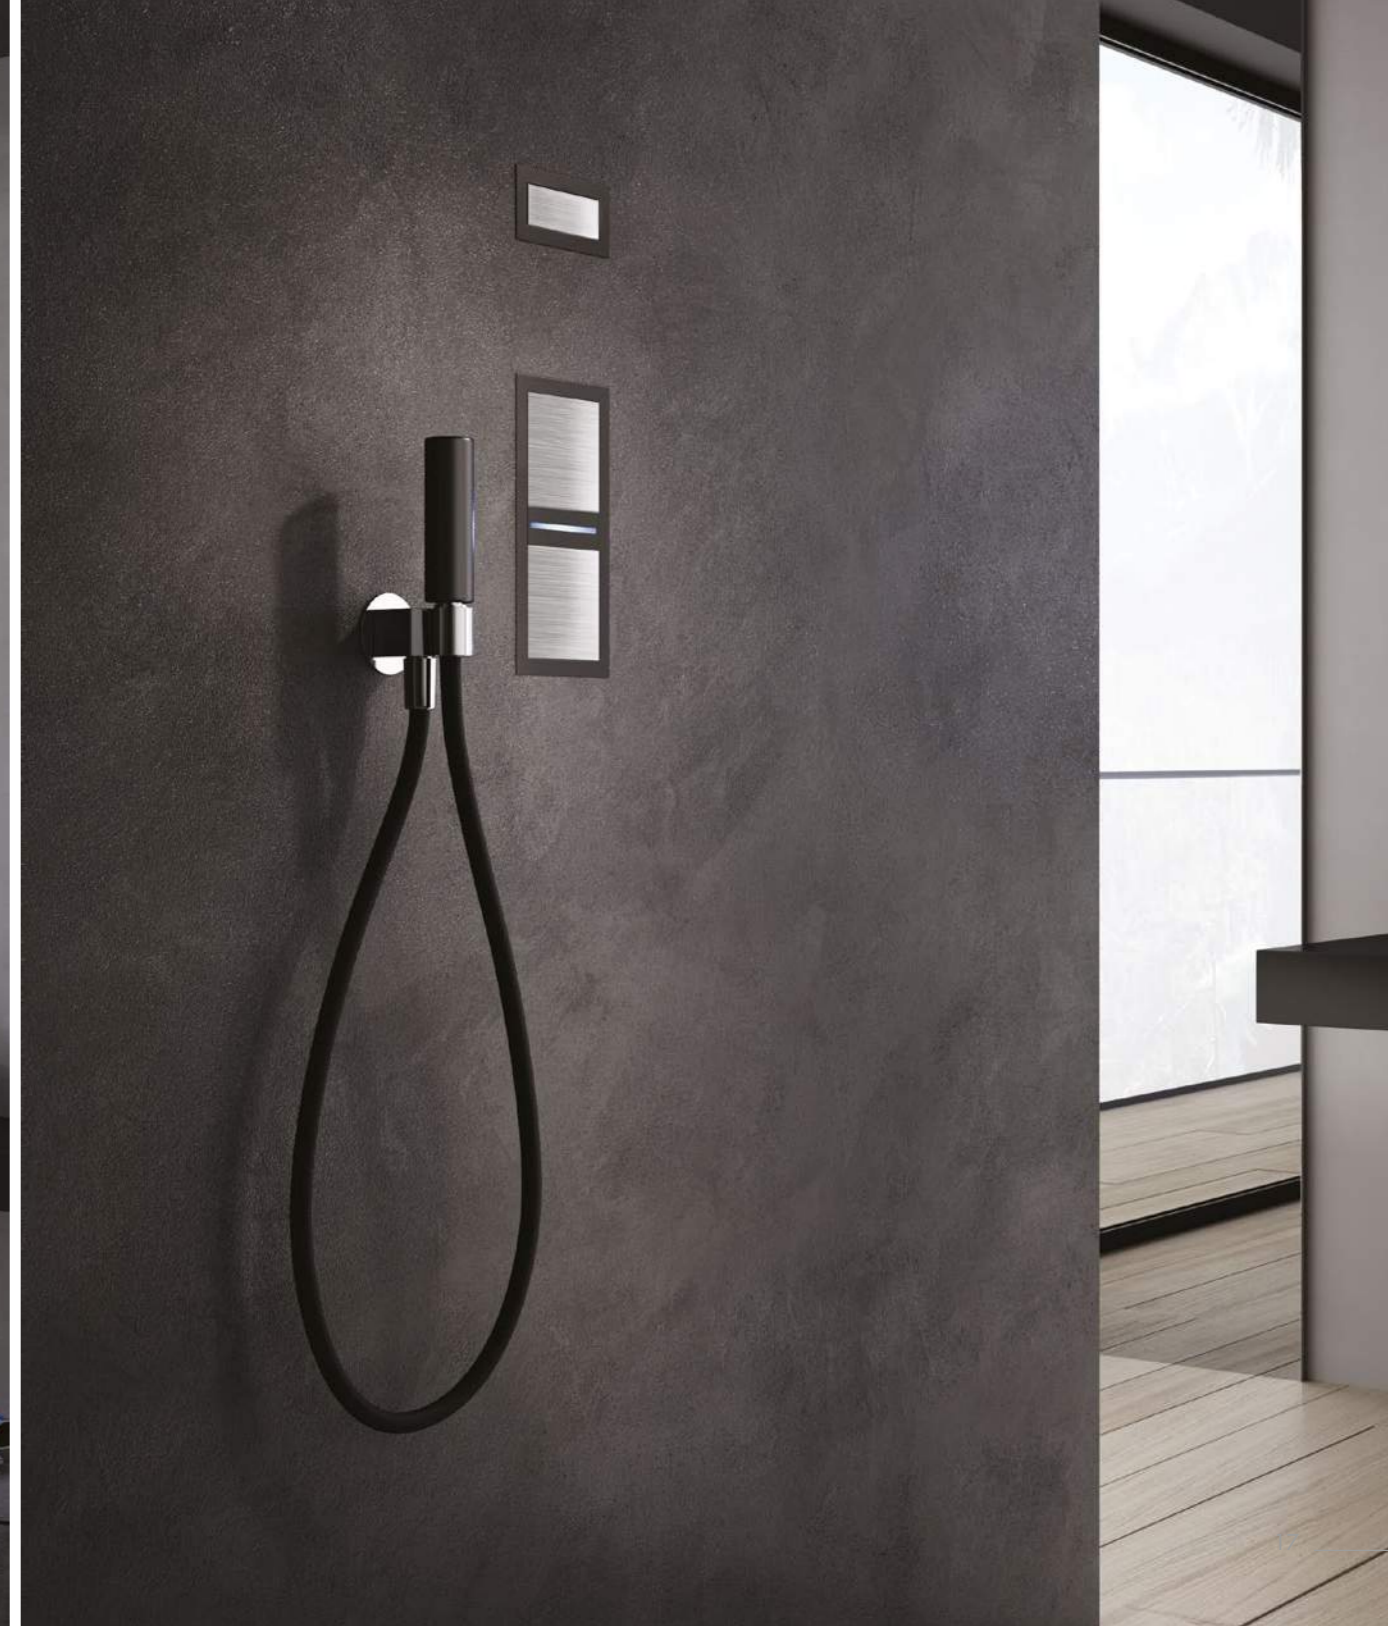

Un tocco delicato per una funzione decisa direziona il flusso dell'acqua.

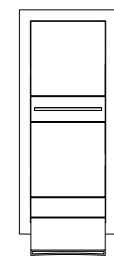

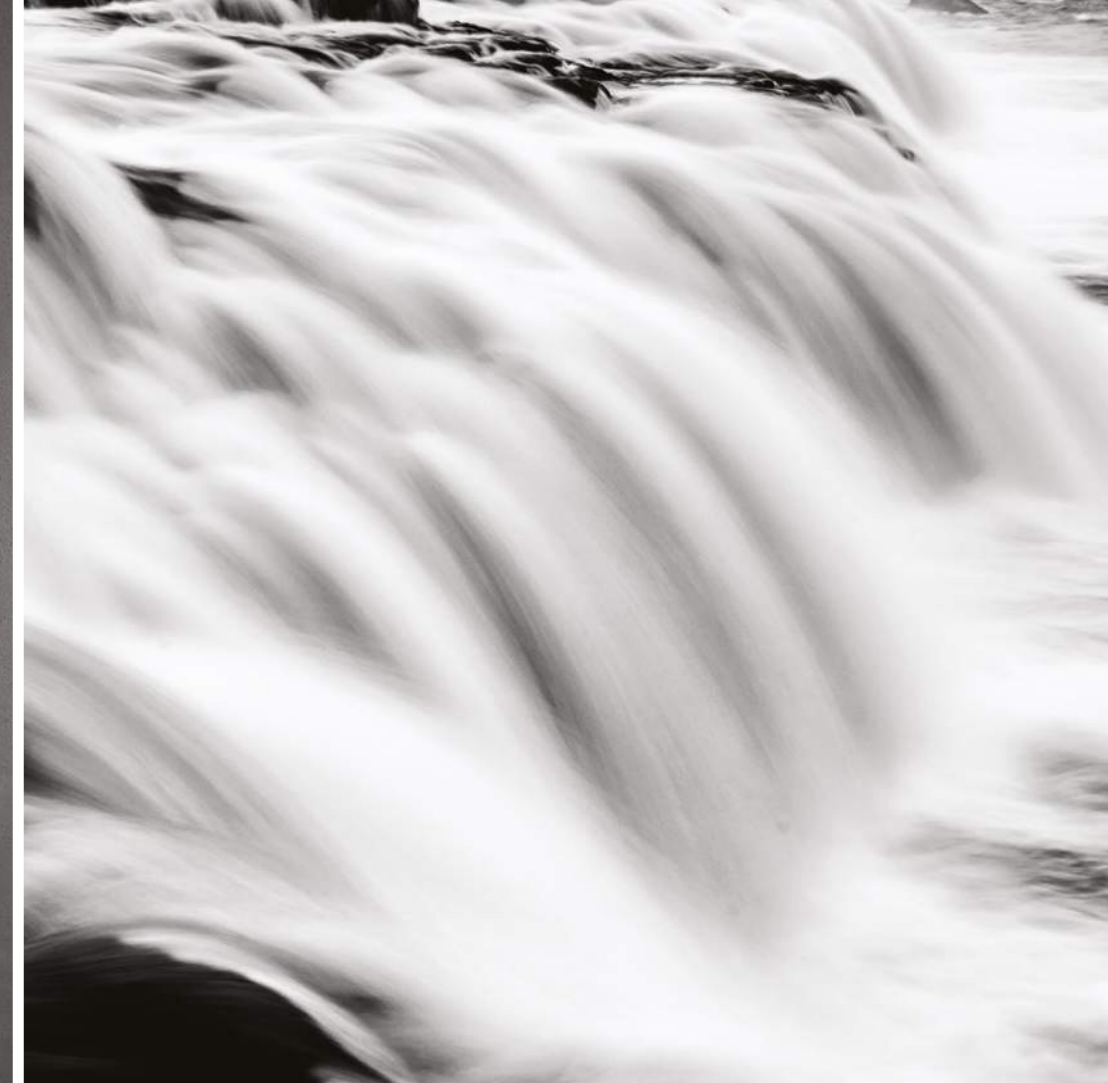

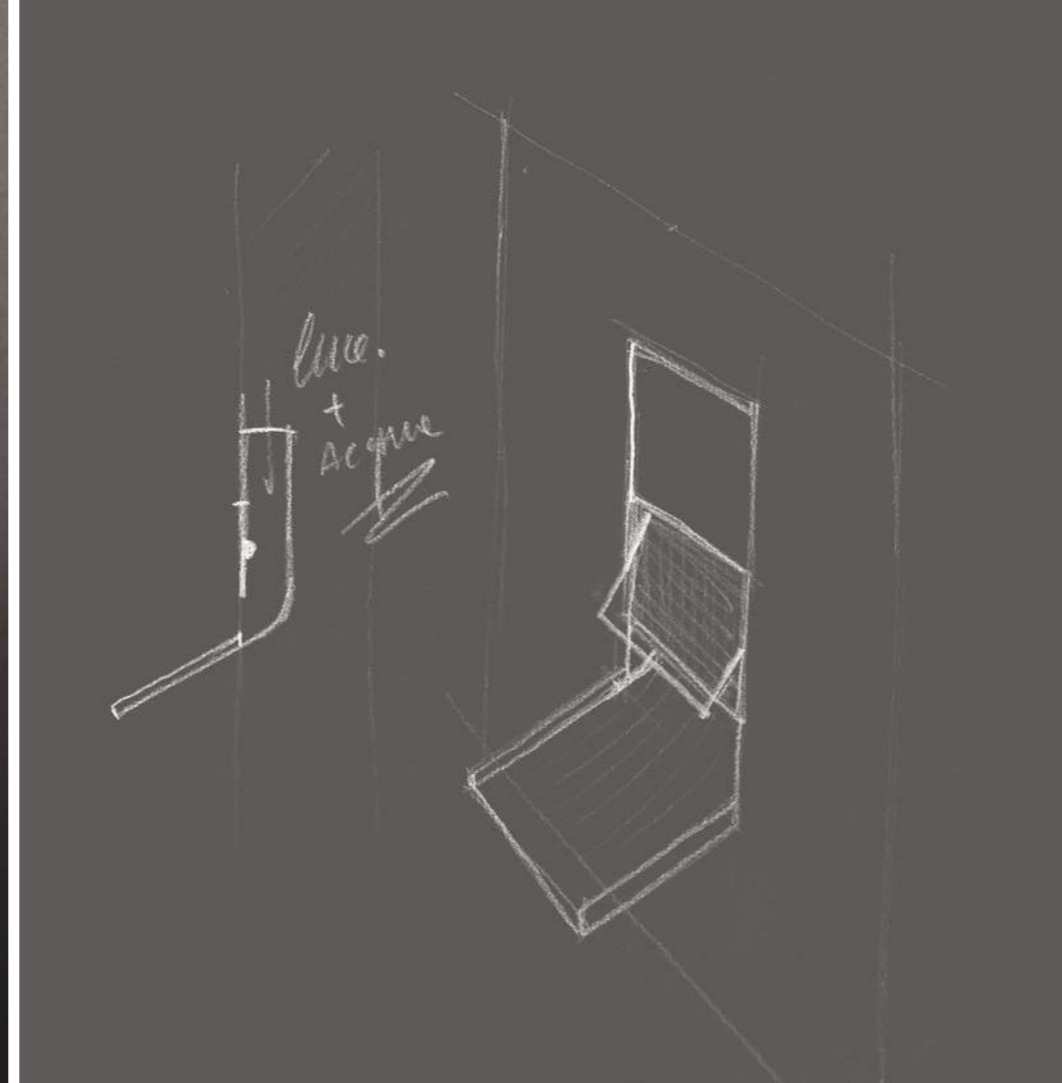

A delicate touch for a definite function directs the water flow.

Comando che, smaterializzandosi, si integra alla perfezione con la parete, lasciando trasparire unicamente le due superfici metalliche per la regolazione di portata e temperatura, ideale per docce e rubinetti di forte impatto stilistico.

Control that, dematerializing, integrates perfectly with the wall, letting only the two metal surfaces appear to adjust water supply and temperature, ideal for showers and faucets with a strong stylistic impact.

Miscelatore
Mixer

La naturalezza di una sorgente d'acqua trae origine dalla spontaneità del gesto; toccare la materia, interagire con essa.

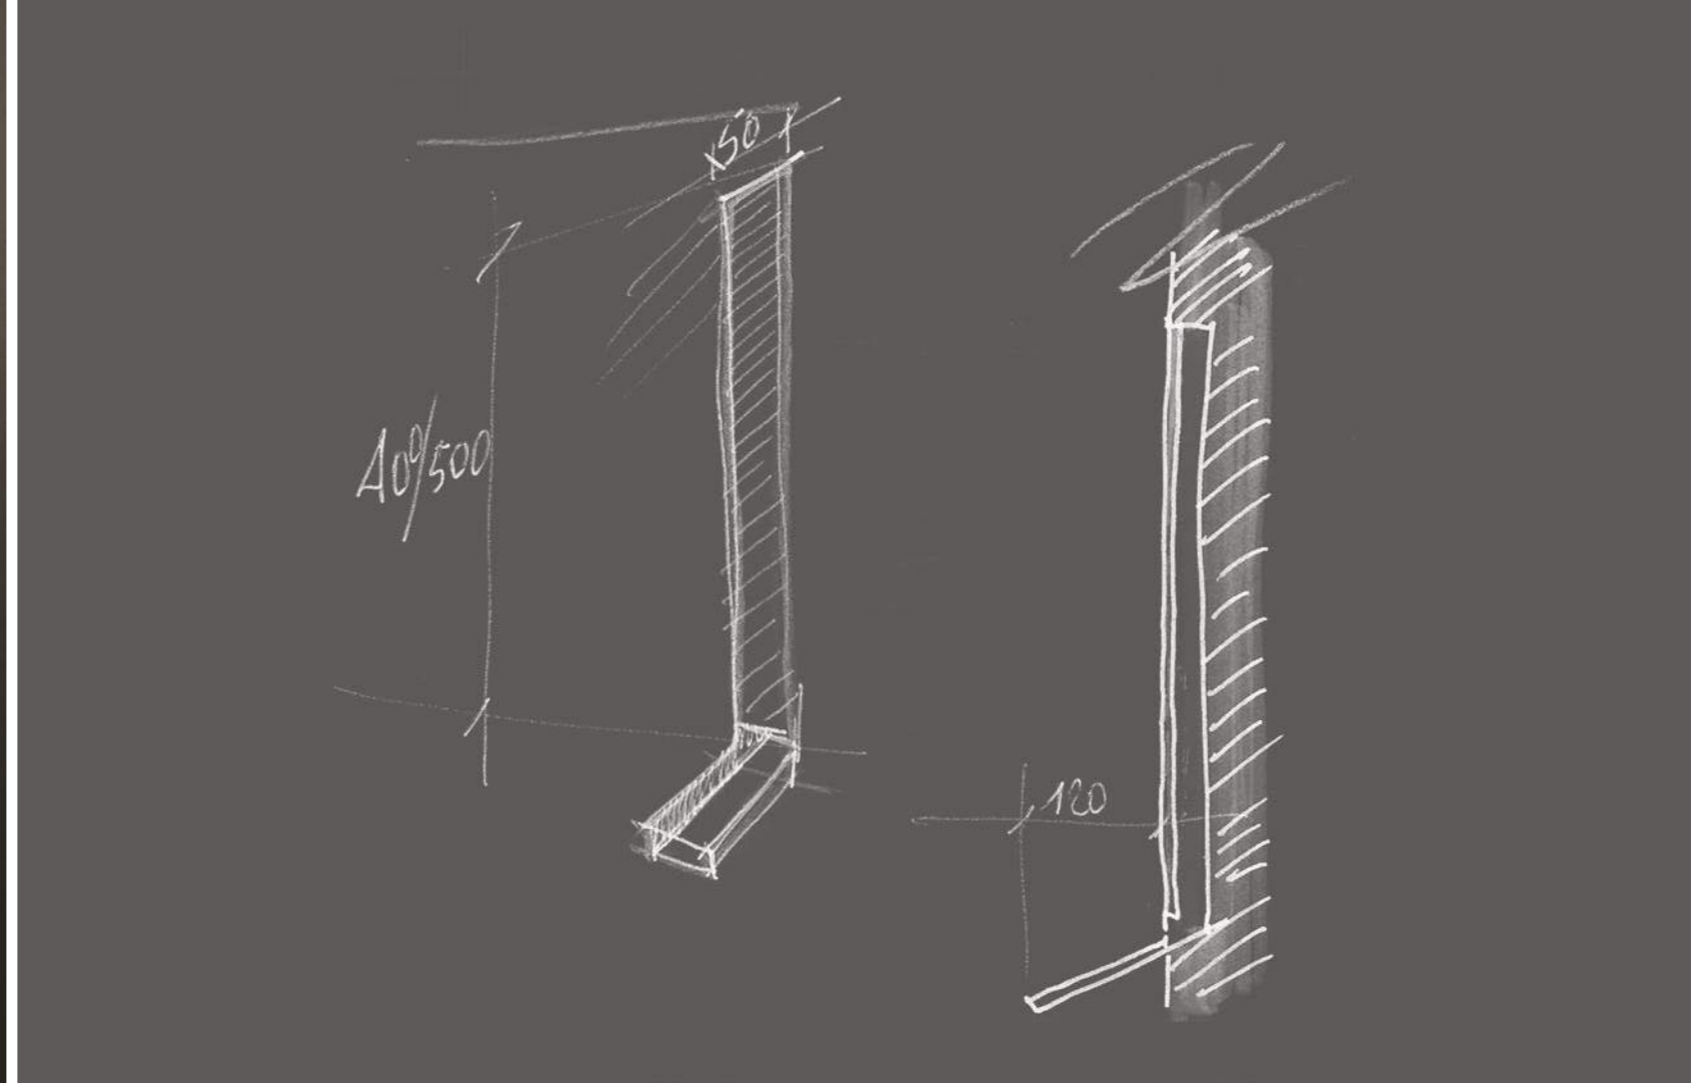

The naturalness of a water source originates from the spontaneity of the gesture; touching matter, interacting with it.

Luce e acqua diventano geometria nell'architettura;
leggerezza e vitalità ridisegnano la solidità
della materia.

*Light and water become geometry in architecture;
lightness and vitality reshape the solidity of the matter.*

Bocca + Comando
Spout + Control

Sistema di comando a filo-muro che modifica la superficie materica dell'architettura, caratterizzato da un segno di luce che scinde la funzione di portata e di temperatura. Dispositivo dal design semplice nella forma, ma di spiccata personalità, per ambienti esclusivi dal gusto raffinato.

Control system flush with the wall that modifies the material surface of architecture, characterized by a sign of light that splits the function of flow rate and temperature. Device with a simple design in form, but with a strong personality, for unique settings with a refined taste.

Sistema di controllo contraddistinto da una cascata d'acqua e da una colonna luminosa, che rende l'ambiente bagno di particolare pregio e dallo stile innovativo.

Control system marked by a waterfall and a luminous column, which makes the bathroom setting very upscale and innovating in style.
