MARMO

Una nuova collezione Marmo arricchisce la proposta Bisazza per i pavimenti. In linea con la sua vocazione decorativa, l'azienda propone una serie di pattern ispirati alla tradizione dei pavimenti lapidei policromi, rivisitati in chiave contemporanea. Quadrati, esagoni, triangoli e trapezi in marmo si ricompongono ora in disegni a due toni, o in decori dall'effetto tridimensionale. La collezione Marmo è disponibile sia nella versione LUX - con finitura lucida - che in versione MATT con finitura opaca.

The Bisazza flooring range now includes a new Marmo collection. With its unrivalled heritage of design and decoration, Bisazza offers a series of patterns inspired by the tradition of multi-colored stone flooring, with a contemporary feel. Marble squares, hexagons, triangles and trapezoids come together in two-tone patterns or decorative designs with a 3D look. The Marmo range is available in the LUX version with polished finish, as well as in the MATT version with an opaque finish.
