Camaleontico
nel suo essere
contemporaneamente
cotto e cemento.
Due stili in un
unico progetto,
la tradizione
e il calore del
cotto che vive
e condivide le
proprie peculiarità
con il cemento,
minimal e moderno
per eccellenza.

/ Waterfront marries the essence of fired tiles and cement. The two styles have been brought together in a single project: the tradition and warmth of fired tiles share their uniqueness with the minimal and modern look of cement.

Una dicotomia avvincente che riveste gli ambienti di uno stile modernamente classico ed essenziale.

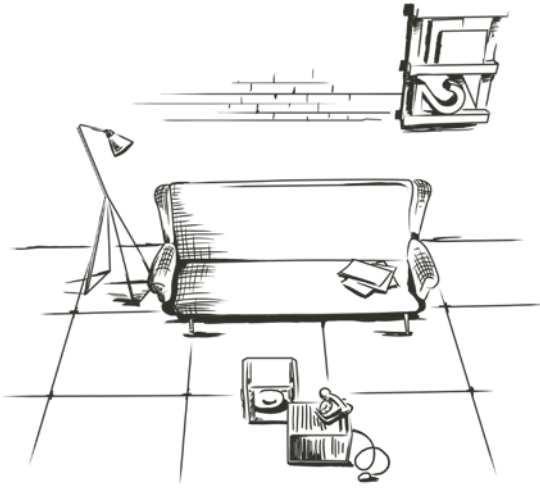

Nei timbri più chiari, l'essenza cotto prevale su quella del cemento, nei timbri più scuri accade il contrario, generando superfici fortemente essenziali.

/ A captivating dichotomy that lends spaces a classic and essential style with a modern twist. In the lighter colours the essence of the fired tiles dominates the essence of the cement, whilst in the darker colours the opposite occurs.
