## PUREZZA ARTIGIANALE

*Handcrafted purity*

Espressione massima della maestria artigianale italiana tramandata da generazioni, SOFFI è un elegante connubio tra il nostro materiale primario, l'ottone, e l'autentico vetro soffiato di Murano. La versione in bianco e foglia oro rende la collezione la soluzione perfetta per ambienti prestigiosi tra suggestioni presenti e passate.

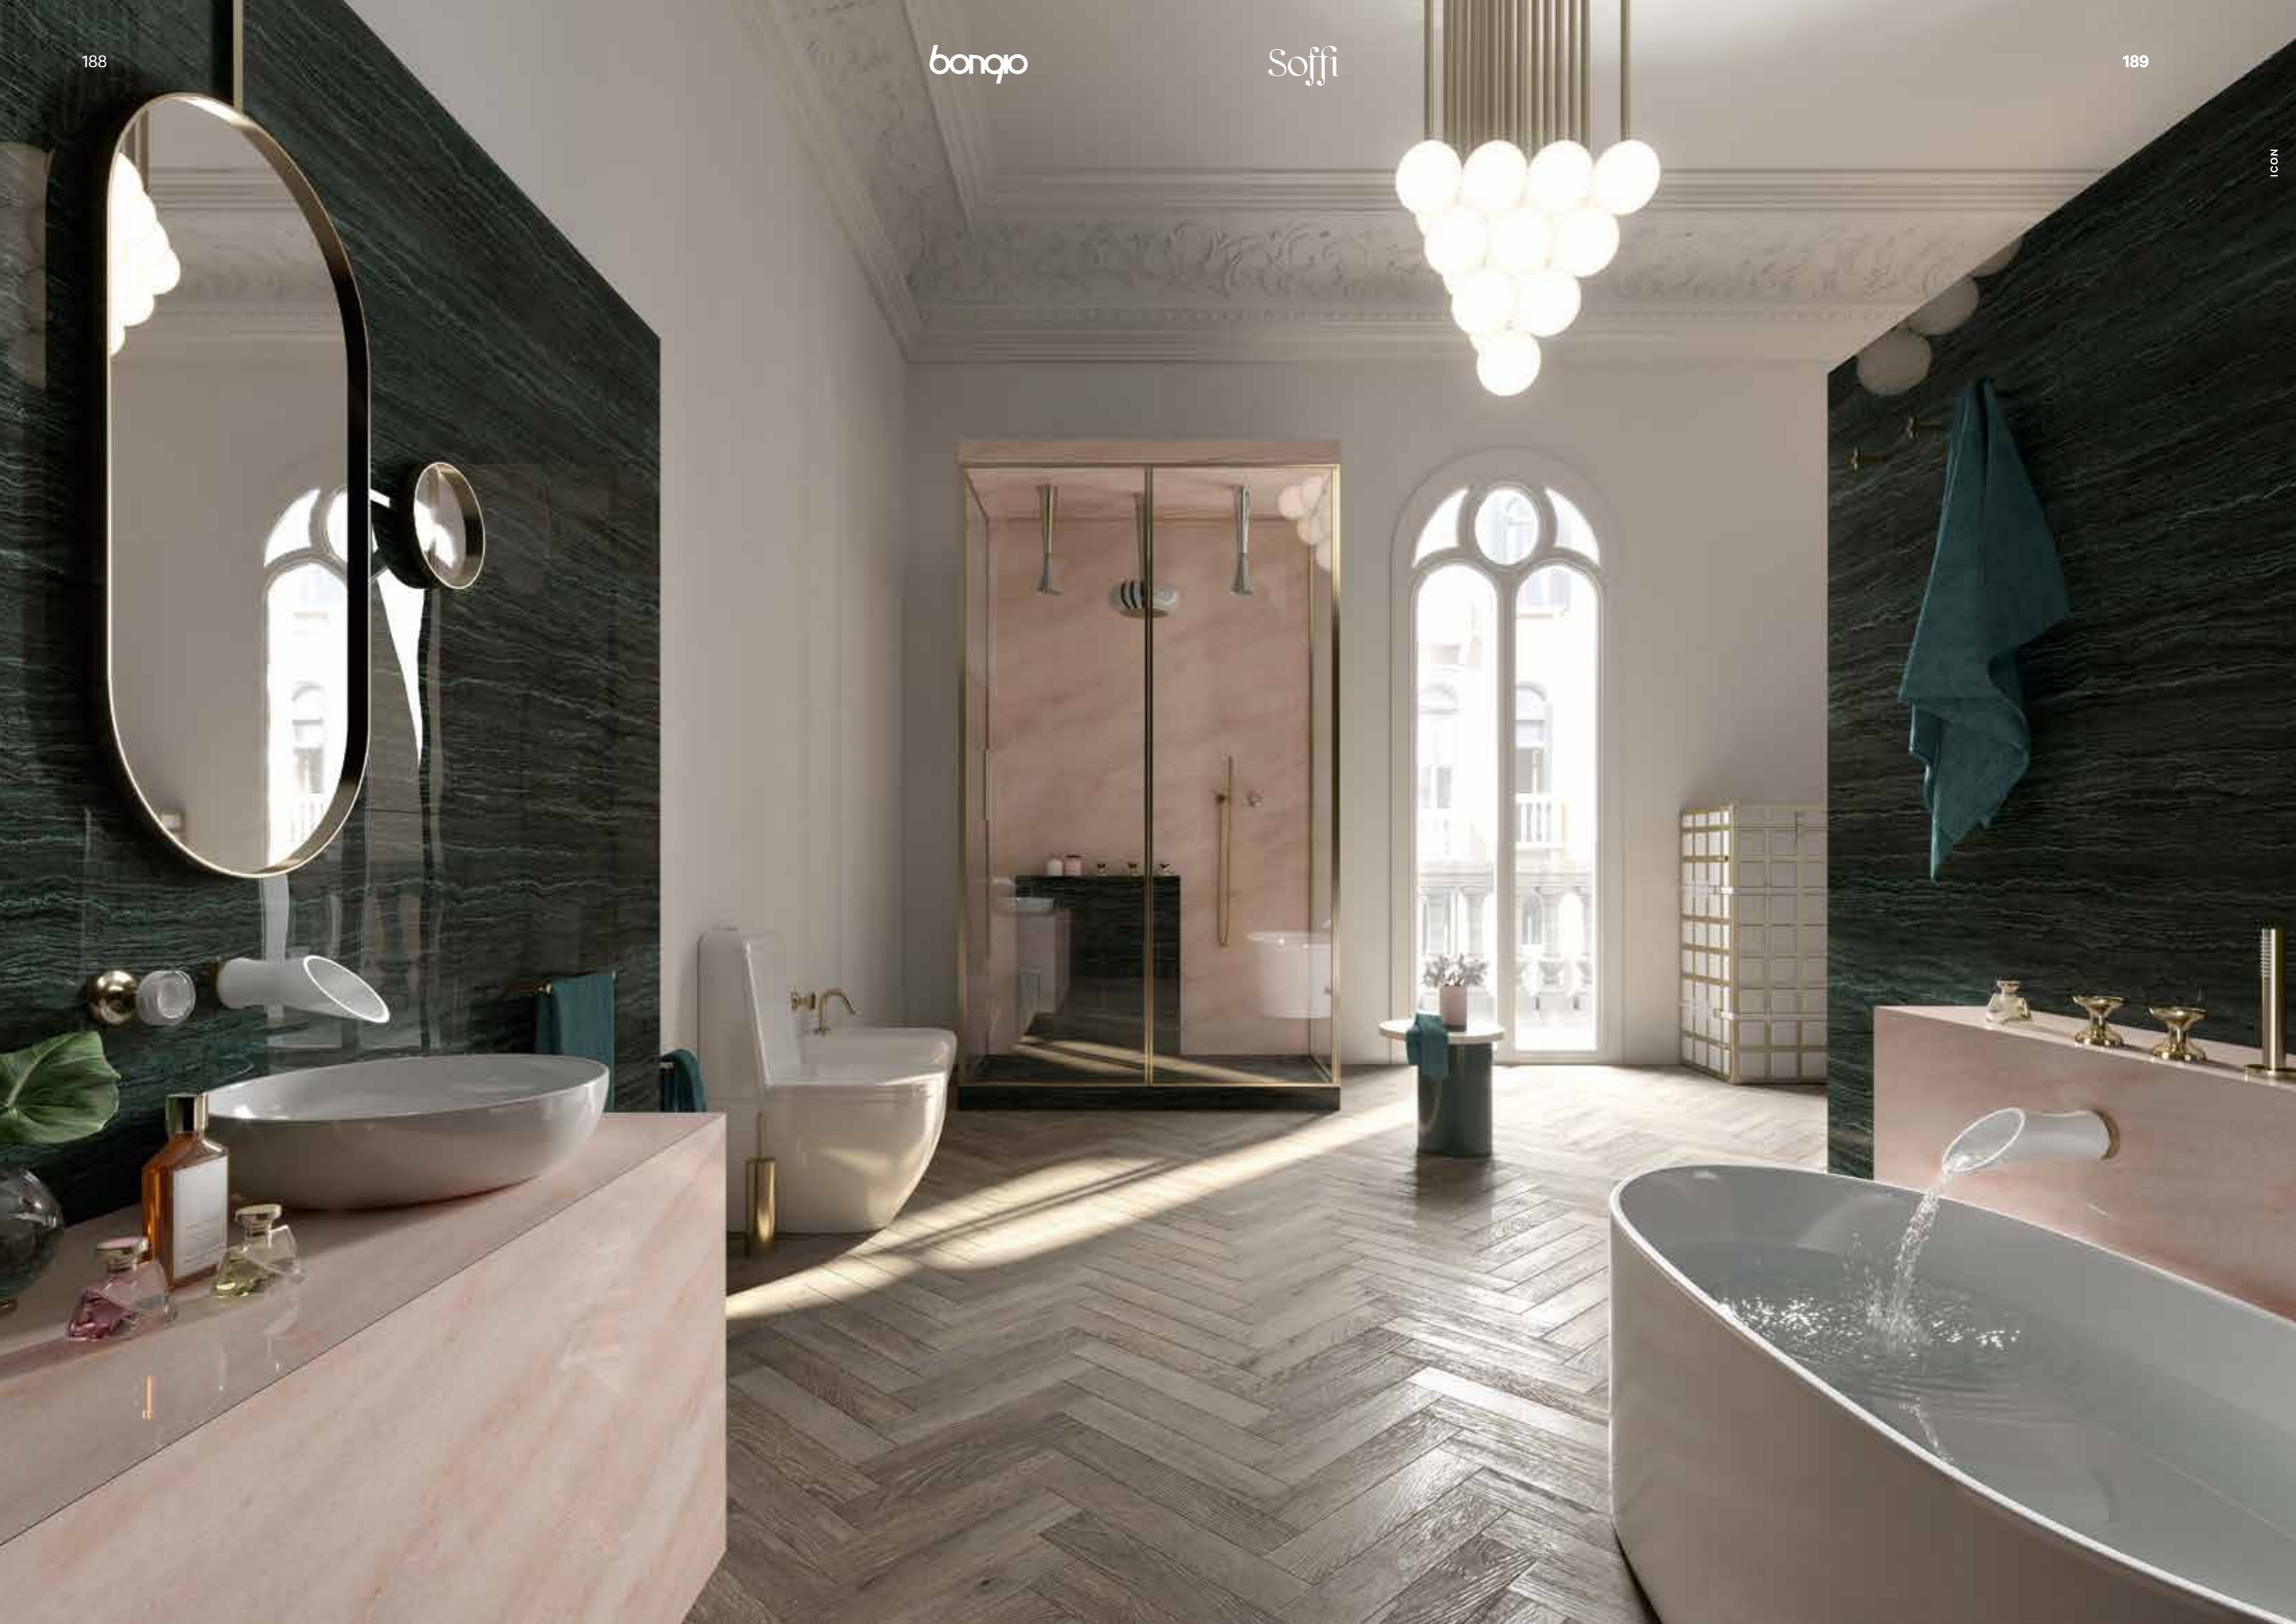

The highest expression of Italian craftsmanship handed down through generations, SOFFI is an elegant combination of our favourite material, brass, and authentic hand-blown glass of Murano. The version in white and gold leaf makes this collection the perfect choice to decorate prestigious living spaces, playing on concepts that are evocative of both past and present.

## INFORMAZIONI TECNICHE

Technical details

**CARTUCCIA:** la serie Soffi è dotata di cartuccia progressiva Ø 35 mm. Il funzionamento della cartuccia miscelatrice si ottiene con un movimento rotatorio in senso orario, ottenendo un'erogazione dell'acqua da completamente fredda a miscelata per passare a tutta calda, questo sistema permette una notevole riduzione di consumo di acqua calda.

Questo sistema permette una notevole riduzione di consumo di acqua calda. La temperatura d'impianto non deve superare i 70°C. La pressione di esercizio dell'impianto consigliata è di 3 bar.

**EROGAZIONE:** la serie Soffi ha un tipo di erogazione a cascata, non venendo limitata da aeratori è stata dotata di regolatori di portata per permettere un flusso costante ed adattabile alle esigenze dell'utilizzatore, permettendo anche in questo tipo di miscelatore un notevole risparmio di acqua.

**INSTALLAZIONE:** tutti gli articoli ad incasso sono corredati di corpi incasso. Per gli articoli bidet da installarsi su piano, devono essere realizzati fori di Ø 35 mm.

**CARTRIDGE:** the Soffi series has a progressive cartridge of 35 mm/ diam. This cartridge works through a turning movement, obtaining a water supply from completely mixed cold water to total hot water, highly reducing hot water consumption. The temperature of the plant must not exceed 70°C. The ideal working pressure of the plant should be 3 bar.

**SUPPLY:** the Series Soffi has a kind of waterfall supply, not limited by aerators, it has been created with flow regulators allowing a regular flow which can be adapted to the various necessities of the customer and also in this case with high reduction in the water consumption.

**INSTALLATION:** all the built in items have built in bodies, while the shower column has an interaxe of 150±20mm.

Wash bidet for deck installation require holes of a maximum of 35 mm. For the basin and bidet mixers - single or three holes - to be placed on top deck, they require 35 mm. Ø maximum holes.
